

Family Office Database Package Details

To help eliminate confusion over the packages of databases we now offer at FamilyOfficesDatabase.com this one page PDF explanation was created.

What is the Endowment Fund Database?

Our firm provides an in-depth database of Endowment Funds based in Microsoft Excel. This resource was created for those fund managers, consultants and institutions which wish to work more closely with endowment funds. The benefits of owning this database include:

1. Gain access to complete contact details on over 924 Endowment Funds
2. Work more efficiently, raise capital faster, help towards meeting capital raising goals
3. Expand your newsletter reach, contact more investors every day
4. Schedule more conference calls and on-site visits with prospects, grow your pipeline

What is the Institutional Consulting Firm Database?

This database consists of 240 Institutional Consulting Firms, providing full contact details with each listing. The Institutional Investment Consultant Database was created for those fund managers, consultants and institutions which wish to work more closely with institutional consulting firms which advise large institutional investors. Benefits of owning this database include:

1. Gain access to complete contact details on 264 Institutional Investment Consultants which control over \$1 Trillion in Assets Under Management (AUM)
2. Grow your newsletter reach and schedule more conference call and on-site visits
3. Work more efficiently, raise capital faster, help towards meeting capital raising goals
